Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1862 edition. Excerpt: . line of battle. 633. Each division, the instant that it is unmasked, ought to be marched toward the line of battle, and to be aligned upon it by the flank next to the directing division; the latter, whether the right or left be in front, will always be aligned by the flank next to the point (Tappui, when the deployment is made on the first or last division; but if the column be deployed on an interior division, this division will be aligned by the flank which was that of direction. 634. The chiefs of division will see that, in deploying, the principles prescribed for marching by the flank are well observed, and if openings between the files occur, which ought not to happen except on broken or difficult grounds, the openings ought to be promptly closed toward the directing flank as soon...
